

Dehumidifier

CDimplex[®]

GDDEY20

Premium Dehumidifier 20L

Remove residual dampness and provide a safe and healthy home for your family with frequent use of a dehumidifier. Know exactly when to turn on with the in-built ambient humidity sensor. Indicator lights show the ideal healthy zone. The sensor bar will glow red when the humidity is too high, green within the optimal range, and blue when the room is too dry. Protect your fabrics and furniture from mould and mildew.

Ideal for medium-sized rooms, our 20L provides powerful moisture absorption. Fitted with a 5L water tank, it will extract up to 20L/day of moisture.

Use Laundry mode to dry your clothes quickly and effectively. Push it easily from room to room with its smooth-rolling wheels. Fitted with a 0-24-hr timer to reduce energy consumption when no longer needed.

- Humidity sensor and changing indicator lights
- 5L water tank
- Digital LED display
- Laundry mode
- Easy to clean
- 24 hour timer
- Automatic defrost
- Noise level 46dB(A)
