Electric Fires

COLLECTION 2022/23

www.dimplex.com.au

Why Choose Dimplex

There is nothing quite like a fire – it creates a wonderful feeling of comfort and cosiness, with the added dimension a warm glow brings to any room.

In most cases, Dimplex electric fires require no installation*, bringing you an incredibly realistic flame effect at the flick of a switch.

Set up is easy, with none of the cost and siting constraints associated with flue and gas connections. All Dimplex electric fires come complete with a fitted plug and many don't even require a mantel or hearth. You simply plug in and go!

With a wide range of traditional and ultra modern designs, we can offer a fire for every living area and for every budget. You can choose from four flame technologies – Optiflame, Opti-myst, Revillusion and Prism.

A Dimplex electric fire will bring your home to life, creating comforting ambience *in any room.*

Optiflame

Our original, unique flame technology, Optiflame, generates realistic simulated flames from an electric source.

Optimyst

Opti-myst® flame effect is fully three dimensional and uses established ultrasonic technology to create an ultra-fine water mist.

Revillusion

Revillusion®, a realistic flame effect with a clear view through the lifelike flames that captures the charm of a wood-burning fireplace

PRISM
series

Using the full spectrum of RGB colors, the Prism flame effect illuminates the diamond-like acrylic ice ember bed in a show-stopping effect.

In 2021 and for the 2nd year in a row, we were awarded the Canstar Blue Award for Most Satisfied Customers in the Portable Heaters category!

Feedback was gathered on effectiveness, functionality, reliability, quietness, design, value for money and overall satisfaction. Dimplex ranking highest in this competitive category and achieved top honors with 5 stars in Reliability, Quietness while Operating and Appearance/Design. Plus being the only brand in 2021 to receive 5 stars in Overall Customer Satisfaction.
